

TEAM BUILDING

GET OUT OF THE “BOREDROOM” & ONTO THE WATER WITH THIS UNIQUE TWIST: KAYAKING

Communicating Open-minded Real-time Engagement is the framework of this program. Utilizing elements from *On Purpose's* CORE offering, facilitators guide your group through introductory exercises on land designed to shake loose any hesitation and get communication and creative thinking juices flowing.

After paddle and safety instructions, your group gets on the water in a combination of single and tandem kayaks. Smaller units are first tasked with solving challenges. Units are combined to face the same challenges as an entire team with more obstacles.

Through this experience, your team will become more cohesive, while building confidence on the water.

INCLUDES:

- 1 facilitator/ 9 participants
- All kayaking related gear and safety equipment
- 3 hrs is total event time start to finish
- \$75/person (includes gratuity)

UPGRADES:
